

Welcome to The Garden Club of Harvard

New Member Form

We provide a forum for people interested in gardening, horticulture, conservation, flower arranging, and landscaping. Members share their expertise and learn from speakers and field trips. Club activities such as the greens workshop and plant sale, and service projects—such as garden therapy and library flowers—give members hands-on opportunities to learn and be creative.

An **Active** member attends Garden Club meetings, participates on a service committee, serves on one hospitality committee per year, and helps with the annual plant sale. An active membership may optionally include a family member living at the same residence.

A **Supporting** member may attend meetings but need not take part in other activities, although many volunteer to do so.

Please check the level of membership you're interested in:

- Active Member(s) \$35.00 (Add \$5.00 for second family member)
- Supporting Member \$50.00
